Shoe International

The diva ran across Shoe International while surfin' and decided to interview the gals who run this site, so here goes:

Dyke Diva: What the hell is Shoe International?

SHOE INTERNATIONAL is a platform for dykes where they can meet each other in cyberspace or reality. SHOE is fun - SHOE is kuul.

Dyke Diva: Kuul, huh? Well, what does the word SHOE mean? (Besides the obvious).

The word SHOE doesn't stand for anything in particular. It could have the meaning: Shitty Home Of Evita or She Has Online Experience. The thought behind SHOE is, that there are as many different types of shoes as there are women. It has recently been named "one of the most popular sites" by Yahoo!

Dyke Diva: So you're a girl-run site?

Yeah, SHOE is a totally girl powered site. which means the site has been programmed by women for women. we want to connect lesbians from all around the world.help them to be proud of themselves without the seriousness. we want to make being lesbian fun.

DykeDiva: Who would you say comes to your site the most?
>
The age ranges from 15 to 55. SHOE offers something for everyone.
>
DykeDiva: So if I came to your site, what would I find?
>
Amazingly adorable women! No, seriously, we have member galleries with personal profiles. only baby-pictures are allowed to be uploaded to prevent discrimation based on looks. also we feature a chat where you can talk with corky, message board, ecards, pride picture gallery and you can even search for extraterrestrials. We also offer international guides to clubs, organizations, stores etc.many more things are

planned.

DykeDiva: Who started SHOE INTERNATIONAL?

SHOE INTERNATIONAL was started by Fab Syz (31) and Sunci Nikolic (24) from Zurich, Switzerland three years ago. It started out as just a local mailinglist in Zurich, Switzerland and went international one year ago due to a big demand.SHOE was founded on the very first night we met each other.

DykeDiva: You started SHOE the first night you met huh? Well, why'd you decided to start the site?

SHOE INTERNATIONAL was started because we recognised the need of lesbians to meet others in an uncomplicated and easy way.Many (especially those still in the closet) proably know the feelingwalking past a lesbian bar but not having the guts to go in... this iswhere SHOE can come in handy. Women can simply send out a mail over themailinglist asking who would go there with her. We met each other over the Internet over 3 years ago and thought it would
be a great idea to make it easier for women to find new friends or evenfind the woman of their dreams. Many couples have since been formed through SHOE.
